

FitzWest Questions

Q8. GREEN OASIS

Which places would you like to see transformed into green pockets? Are there any existing oases you'd like protected?

Proposals

How can the FitzWest Plan improve the urban realm for us all? We can:

- Produce a FitzWest design guide for the urban realm, to be improved by using Community Infrastructure Levy funds and other resources
- Identify FitzWest oases to be protected or created
- Identify areas for additional street trees and pocket parks
- Review priorities for street lighting across the neighbourhood
