 - b. Nick to speak on existing CIL projects and invite ideas for future projects.
 - c. Denise to be asked to speak on greening on Carburton Street and plaques.
 - d. Gwilym to appeal for volunteers for planter watering and maintenance.

3. 1000 flyers to be distributed if we can afford it.
4. Yoram reported on discussions with a WCC officer on the Oxford St project. The likelihood is that Oxford Street East will not be pedestrianised. There will be a consultation on traffic on Oxford Street East. We should ask TFL to consider Market Place and surrounding alleyways. We should await further details and then have a meeting with TFL.
5. Mark reported on the restoration of trees on Wells St south of Eastcastle St.
